It is the intent and purpose of the Professional Ethics Committee Position Paper to represent the views of the California Agricultural Teachers’ Association (CATA) in regards to the ethics of professional teachers in California. The matters discussed in this paper pertain to the areas of Student Supervision, Student Behavior, Teacher Behavior and Fairs and Shows.

**Student Supervision**
In regards to student supervision and responsibility of the agriculture instructor, it is the position for the CATA that:

A. During Agriculture Department events and activities, the Agricultural Teacher of each school involved, is ultimately responsible for the actions of his/her FFA members. However, as a group of Agricultural Educators, all teachers should be concerned with the image of the FFA program and our schools and take appropriate action with FFA members that are behaving in an inappropriate manner.

B. Each school and district has rules that govern FFA members at school-related activities, and each CATA event has rules and guidelines within the Curricular Code to help govern the responsibilities of FFA members. FFA members and teachers shall be held responsible for those rules.

**Student Behavior**
In regards to student behavior, it is the position of the CATA that:

A. FFA members are expected to respect the authority and direction of all teachers and site representatives of all Agricultural Department events and activities.

B. FFA members are expected to follow the FFA Code of Ethics.

C. FFA members are expected to be held accountable for their actions and that communication between event supervisors and school site administration should occur when violations are made.

D. FFA members are expected to be respectful of all individuals.

**Teacher Behavior**
In regards to teacher behavior, it is the position of the CATA that:

A. Teachers should be positive role models for their FFA members, exhibiting professionalism through their attire and attitude.

B. Teachers should be prepared for all activities and events, being knowledgeable of the rules and be willing to follow them.

C. Teachers be respectful of the other exhibitors and activity sponsors.

D. Teachers constructively critique their concerns and follow the chain of concerns in order to improve the event and not just complain.

**Fairs and Shows**
In regards to fairs and shows, it is the position of the CATA that:

A. All FFA members and teachers are responsible for knowing and following all school, fair and show rules.

B. All FFA members must wear Official Show Uniforms when participating in a FFA sanctioned show. This applies to any show where a member is participating in an FFA division.

C. Teachers should familiarize themselves with the rules and liabilities regarding their signature on a student's entry form. Teachers should also recognize that they have the option not to sign a FFA member's entry form if that teacher feels that the entry form will violate rules/ethics.

D. Teachers and FFA members should recognize that the judges' decisions are final and should respect those decisions.
Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the “IAFE Code of Show Ring Ethics,” fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demeans the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1) All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3) Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4) Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal’s performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal’s performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9) The application of this code of ethics provides for absolute responsibility for an animal’s condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expos and any special notices to members.

11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

ETHICS IN YOUTH LIVESTOCK PROGRAMS (4-H)
Author: Denise Schwab, Iowa State University

Some say ethics is just knowing and doing the right thing. Knowing the difference between right and wrong is easy, but doing the right thing is much more difficult! Building our character traits of caring, trustworthiness, respect, fairness, responsibility, and citizenship helps to make doing the right thing a little easier.

Caring - Caring means showing concern for others, both to people you work with and to your animals. A caring youth will:

- help new exhibitors
- say “thank you” and express your appreciation for others
- congratulate other exhibitors
- avoid gossip, negative publicity, taunting, and teasing others
- provide daily feed and water
- provide a clean barn or stall
- treat the animal humanely

Caring for animals includes placing more importance on the health and safety of the animal than the opportunity to go to the big show!

Respect - Respect is treating people like you would like to be treated. Respectful youth will:

- speak kindly about leaders, fair committees, and fellow 4-H’ers and listen to others
- keep animals comfortable and clean, treat them humanely
- provide daily feeding and watering
- follow proper drug use to produce a safe, high quality product for consumers

Trustworthiness - Trustworthiness means doing what you say you will do. A trustworthy youth will:

- provide daily care for your animals or make arrangements for help
- follow the rules for animal ownership and registration
- consult with a veterinarian and read labels before administering any medication
- follow all food safety rules and withdrawal times, and use only approved drugs

Fairness - Fairness means listening to others, playing by the rules, and treating everyone equally. A fair youth will:

- follow ownership and registration deadlines
- know and follow show rules
- be considerate of other exhibitors
- speak well of winners and resist the temptation to gossip

Responsibility - Responsibility means doing the right thing, considering the consequences of your actions, and being accountable for your decisions. Responsible youth will:

- care for animals daily
- train animals to be exhibited safely
- read, know and abide by all rules
- follow entry deadlines
- read and follow all drug and medication rules and regulations
- take care of the property of others

Responsibility is also demonstrated by good sportsmanship, good herdsmanship, and good showmanship at ALL times, not just when the judge is watching.

Citizenship - Citizenship means helping others and obeying the law. Youth demonstrate citizenship when they:

- help others in need
- work with less experienced exhibitors to improve their skills and knowledge
- share resources with others
- follow quality assurance methods to produce a product safe for consumers

Over the past decade, scandals have affected both 4-H and FFA shows nationwide due to the illegal use of drugs, physical alterations of animals, false ownership, and using professional fitters when the rules specified that it was not allowed. This has been damaging to the program and to consumer’s confidence in the product we produce. It is time to place emphasis on learning rather than winning. Building your character traits can help accomplish this. By exhibiting the six character traits of caring, respect, trustworthiness, fairness, responsibility and citizenship, you will help to build the positive image of 4-H and FFA.
JUNIOR LIVESTOCK AUCTION

OC FAIR & EVENT CENTER
JUNIOR LIVESTOCK AUCTION
SATURDAY, JULY 21, 2018, at 10:30 A.M.

FIVE GOOD REASONS WHY TO PURCHASE . . .

1. The auction helps support the overall 4-H and FFA education programs.
2. Members of 4-H and FFA learn how to be in a business for themselves by raising and selling the animals through the Junior Livestock Auction.
3. Your auction purchase helps finance and supports the members so they may reinvest in other animal projects.
4. Meat purchased through the Junior Livestock Auction is often of high quality.
5. By purchasing, buyers are assisting and encouraging these young 4-H and FFA members to become future agriculture and community leaders.

FOR MORE INFORMATION ABOUT OUR AUCTION, PLEASE REFER TO THE OC FAIR JUNIOR LIVESTOCK AUCTION HANDBOOK:
https://ocfair.com/oc-fair/competitions-contests/howtoenter/animals/

OR

LIVESTOCK OFFICE – (714)708-1593/1595

The Seller Experience

1. Send out buyer letters when you purchase your animal to secure buyers for the Junior Livestock Auction.
2. Read all market competition and auction rules and guidelines.
3. When you receive a blue ribbon (meaning your animal is market ready) in your market class you can sign up for auction. You will need to come in to the Livestock Office the day the specie showed and sign up. Auction sign-ups deadline is one hour after completion of judging for that specie.
   a. To sign up you will find your name on the list. The list is printed by division and is organized by club, exhibitor name then animal tag ID.
   b. Sign on the signature line if you would like to sign up.
   c. If you do NOT want to sign up for auction do NOT sign.
4. Once sign-ups are complete the office will post the list of people that signed up for auction outside on the office patio wall. Please check to make sure your name is on the list.
5. On the Thursday before auction the Livestock Office will announce that the auction order is posted. Please come to the office patio and look to see what lot number you are.
6. On auction day, prepare yourself and your animal for the auction ring. Be ready when your lot number comes up.
   a. Note: If you would like to know who purchased your animal, have a representative or yourself look for the buyer as they bid. Do NOT come into the office to ask who your buyer is and where they are sitting in the auction ring. You will receive your buyer information when you receive your check.
7. When you come out of the auction ring you will take a picture with your animal. You will receive a copy as well as your buyer when you receive your auction packet.
8. You will continue to care for your animal until Sunday night. You will need to clean your animal’s pen after 10 p.m. (once the all-clear has been given over the loudspeaker). You will need to make sure your animal is given water right before you leave.
9. You will receive your auction packet (auction check, buyer and add-on information list with addresses) from your leader/advisor. You will need to send a thank you letter to everyone that has supported you and your project. Don’t forget your leader/advisors.

2. All 4-H/FFA Champions, 4-H/FFA Reserve Champions, Grand Champions and Reserve Grand Champions must sell at the auction.
3. The OC Fair is a Partial Terminal show meaning ALL champions (Beef, Hogs, Goats and Lambs) are required to go through the Junior Livestock Auction and then directly to the processing plant designated by the OC Fair Livestock Department. These champions cannot leave the grounds as live pick up sales.
4. Turkeys, Rabbits and Broilers are pick-up live only.
5. Only Market Beef, Goats, Lambs, Hogs, Turkeys, Rabbit Pens and Broiler Pens that are judged Blue Ribbon “Market Ready” will be permitted to sell at auction.
6. Auction animals are to be consigned through the OC Fair Livestock Office only.
7. Due to privacy laws, the OC Fair Livestock Office will not provide copies of buyer lists.
8. NEW TIME: Non-auction animals may be consigned in the Livestock Office only on Thursday, July 19, from 10 to 11:30 a.m. (A non-refundable $32 fee plus processing costs apply.)

Sellers:

9. Exhibitors may sell one animal in the auction.
10. Each exhibitor with eligible animals must indicate with the Livestock Office which animal is to be entered in the auction. Auction sign-up deadline is one hour after completion of judging:
   - Friday, July 13: Goats and Lambs
   - Saturday, July 14: Turkeys and Broiler Pens
   - Sunday, July 15: Beef and Rabbit Pens
   - Wednesday, July 18: Hogs
11. Seller will be charged a $27 fee for animals sold through the auction. (Fees are used toward buyer hospitality, paperwork and check processing and photos for buyers and sellers.)
12. Exhibitors selling animals in the auction must wear official 4-H/FFA uniforms (refer to Junior Department rules).
13. No animal can be sold through the auction without an official OC Fair ear tag. A replacement tag will be supplied if necessary.
14. Decorating of animal(s) is not permitted.
15. Sellers are obligated to solicit and secure buyers to attend the auction prior to the auction. Sellers may not actively solicit buyers in the show ring, buyer check-in area, add-on area, etc. on auction day.
16. Sellers may not approach auctioneer for special requests or announcements on auction day.
17. Any scratches requested after 1 p.m. on Thursday, July 19, will be charged a $40 fee (cash only). Exhibitors are responsible for scratching their animal.
18. Sellers are encouraged to thank their buyer. However, sellers are not allowed to contact their buyer for the purposes of asking buyer to not send their animal to market, asking buyer to donate/trade animal back to the seller/school/club/etc., or asking buyer to send their animal to a no-kill shelter. This behavior is inappropriate and jeopardizes the Junior Livestock Auction Program.

Buyers:

19. Auction weight limits are imposed such that the auction book will list the true weight of the animals, but the buyer will only be required to pay up to the following maximum weight limits:
   - Market Beef – 1,350 lbs.
   - Market Hogs – 280 lbs.
   - Market Lambs – 145 lbs.
   - Market Goats – 110 lbs.
20. There is a four-buyer maximum per lot/sales invoice for animal purchase.
21. No new buyer pre-registration. New buyers must register on auction day starting at 9 a.m. There is a non-refundable $15 processing fee charged to all new buyers. For new buyers who purchase an animal through the auction, the $15 processing fee will be credited toward their purchase.
22. When the auctioneer says “SOLD,” the animal is the property of the buyer. However, the seller is responsible for caring for the animal(s) until it is loaded on the truck on the Sunday after the auction. Seller failure to do so will result in forfeiture of premiums.
23. OC Fair Livestock Department will ONLY accept and process add-ons for market competitors that have an animal going through the Junior Livestock Auction.
