### Questions and Answers

#### **Questions:**

1. Just a note, I am not aware of a 2 stall CA compliant ADA trailer in existence. That is not to say that it won't be built one day, but typically it comes in an ADA+2 stall -3 stall trailer one being HCD CA Compliant. Please let me know if you are accepting submissions that are for other trailers that are CA compliant that do not meet your outlined 2 stall trailer. Please know the ADA+2 stall CA compliant trailers are also not going to be 12 x 20 feet, they will be larger, especially for the ramping system.

**Answer:** The OC Fair & Event Center acknowledges your concern and will accept the recommendation of a ADA+2 stall – 3 stall trailer one being HCD CA compliant as an alternate to our request of a (2) stall ADA compliant trailer.
